OPV Autonomous Wireless Sensors

- Collaboration with Warwick University – ‘Keeping the Noise Down’
- Autonomous Organic Polymer PV power/storage cell units suitable for any non-serviceable environment
- Employing stand-alone remote noise sensors for urban environment
- Power generation with energy scheduling algorithms
- Multi-matrix grid for security/reliability

Canopies

Client: Sainsbury's
Leicester
PFS Canopy
PS-C-901-Series

Facades

Future Business Centre
Cambridge
Curtain Wall & Rain screen
PS-A- and PS-C Series

Glazing

Product: PS-CT-SF Series
Canopy
Curtain Walling
