

Proceedings of the Institution of Mechanical Engineers: Part I

Journal of

Systems and Control Engineering

CALL FOR PAPERS:
Special issue on “Energy harvesting for low power electronics”

Guest Editors:

Dr Stephen Burrow, University of Bristol Stephen.Burrow@bristol.ac.uk

Dr Steve Beeby, University of Southampton

Professor Dan Inman, University of Bristol

The Journal of Systems and Control Engineering special issue on energy harvesting for low power electronics will feature high-quality, peer-reviewed papers on energy harvesting from motion and vibrations and related technologies. This fast emerging subject sits at the boundaries of multiple disciplines and this special issue welcomes contributions dealing with mechanical, electrical or system level aspects.

For more information about the Journal please visit our website:

<http://journals.pepublishing.com/jsce> and for further information about this Special Issue, please contact the Guest Editors or Managing Editor: jriskrel@pepublishing.com

Instructions to authors

Please follow the instructions for authors on the Journal's website,

<http://www.pepublishing.com/acadpub/jsce/auth/authguide.htm>. All papers should be submitted through the online submission system: <http://www.editorialmanager.com/jsce> and authors should indicate clearly in their covering letters that the paper is intended for the “Energy Harvesting” Special Issue.

The deadline for submission of papers is the 31st August 2010 to enable publication of the special issue in mid 2011.
